ACE MV YEAR-END UPDATE

2023

HELLO!

FROM THE EXECUTIVE DIRECTOR

Since joining ACE MV this summer I've jumped in headfirst, learning from staff, board members, partners, and participants and gaining a deeper understanding of the organization's rich history.

Over the last 15 years, ACE MV has earned a reputation for providing quality and affordable access to higher education and workforce training for all Island residents. In these pages you'll get a feel for where we've been, and what's ahead.

What will the next 15 years look like at ACE MV?

With your support, the journey has just begun...
